II.1.4) Short description

Ravensbourne University London invites tenders for the provision of a replacement Virtual Learning Environment solution.

The project intends to retire, archive, and migrate active content data from the existing VLE system as part of introducing a new VLE solution.

The University requires a cloud-hosted, Software as a Service, solution to meet these requirements on a cost beneficial basis.

The VLE solution will need to integrate with several other key University systems, primarily the student record system SITS.
