II.1.4) Short description

The Healthcare Quality Improvement Partnership (HQIP) is seeking to commission an organisation that will support the delivery of the Falls & Fragility Fracture Audit Programme (FFFAP). The contract will initially be delivered for NHS-funded care in England and Wales, for a period of three years, at a maximum total budget of up to £1,912,500 GBP excluding VAT. Bids exceeding this limit will be rejected. There is potential to extend the contract for up to two additional years at £637,500 per year. With the inclusion of aspirational intent as defined in this ITT's specification, the maximum potential ceiling value is £6,277,720.00 GBP excluding VAT.

This procurement is for clinical services which are part of the 'Public Contract Regulations (PCR2015)' for the purpose of the Regulations. The commissioner is not voluntary following any other part of the Regulations. The process will be similar to an Open Procedure under the Regulations and so reserves the right to depart from that procedure at any point. The procedure that the Commissioner is following is set out in the Invitation to Tender.

II.2.4) Description of the procurement

The Healthcare Quality Improvement Partnership (HQIP) is seeking to commission an organisation that will support the delivery of the Falls & Fragility Fracture Audit Programme (FFFAP). The contract will initially be delivered for NHS-funded care in England and Wales, for a period of three years, at a maximum total budget of up to

£1,912,500 GBP excluding VAT. Bids exceeding this limit will be rejected. There is potential to extend the contract for up to two additional years at £637,500 per year. With the inclusion of aspirational intent as defined in this ITT's specification, the maximum potential ceiling value is £6,277,720.00 GBP excluding VAT.

During this contract period, the supplier will need to build on the achievements of the audit to date and enhance the ability for the audit to be used for healthcare improvement. Data outputs are useful for local healthcare improvement when provision to clinical teams is timely, the data is refreshed regularly and appropriate tools, support and guidance accompany the data outputs. The intent is for all these features of the audit to be implemented and improved during the period of this contract.

The high level FFFAP quality improvement aims are to:

- Achieve the best hospital care for those admitted to hospital with fragility fractures
- Decrease the incidence of inpatient falls
- Ensure the appropriate and timely management of inpatient falls
- Provide optimal secondary prevention of fragility fractures, including patient identification, assessment, management and follow-up
- Focus on the patient journey and the full pathway of care.

Whilst the contract value is listed as £1,912,500 GBP for a duration of 3 years, Healthcare Quality Improvement Partnership reserve the right to invoke aspirational intent.

The scope of this aspirational intent and value ranges are listed below and also under section 1.3.1 and Section 12 of the specification.

The specification also outlines the mechanisms for invoking aspirational intent.

It is important to note that HQIP are under no obligation to invoke any aspirational intent, or opt to invoke only certain elements of it.

1. Up to 24-month extension that mirrors the NCAPOP headline contract at £637,500 per year
2. Inclusion of additional national or international funders

Scotland - £53,359 to £390,381

Northern Ireland - £18,424 to £156,462

Guernsey - £638 to £13,506

Jersey - £956 to £15,100

Isle of Man - £829 to £14,781

The potential value range above would be a resultant increase to the contract value

Table 2 at Section 12 of the specification sets out further detail

3. As part of the National Clinical Audit and Patient Outcomes Programme, this project is required to remain responsive to future changes in clinical standards, service delivery and national clinical policy priorities.

This opportunity is to potentially include:

- Different topics
- Combining NCAPOP projects / programmes, including alignment across the programme, and / or joint working with other similar NCAPOP programmes

Transitioning to different models of data collection and operational methods for the audit,

e.g. different sources of routine data

- Extending service coverage to include non-NHS funded care
- Additional, associated or enhanced delivery of any aspect of the project
- Other healthcare improvement initiatives either related to or linked with the project.

Up to £1,000,000

Bidders should note that HQIP does not accept requests to amend the published Terms and Conditions of Contract after bid submission or prior to contract signature.

Bidders must sign the Form of Tender to indicate acceptance of these Terms and Conditions of Contract. Failure to sign the Form of Tender will make your bid submission non compliant

and subject to disqualification.

In rare cases where a bidder wishes to raise a potential legal implication to agreeing to the terms and conditions, this must be raised during the published bidder clarification time window via the messaging module within the e-tendering portal so that it can be addressed via the standard process for all bidder clarifications.
