- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

Digital transformation is recognised as a core component of the overall transformation programme, providing the enabling technology for the majority of major changes required to reinforce our financial sustainability. The council is already invested in Microsoft technologies and further investment to their technology stack will:

Reduce the number of contracts

Give resilience through use of cloud compute

Provide a recognisable skillset to aid future recruitments

Provide reusable services across Business Units

Position the council's digital capabilities at the forefront of transformation activity

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

The contract produced for signature is equivalent to a GCloud contract.

Microsoft are already suppliers of the council's productivity suite (through Office 365) and cloud compute presence through Azure. The Digital Strategy outlines an aspiration to consolidate suppliers making best use of large scale providers and their ability to offer many different elements of functionality under one contract. Microsoft also have substantial delivery capability via their Industry Solutions Division, who already work with multiple other local councils. The direct award is designed to take advantage of Microsoft's knowledge of their own software suite and large scale implementation capability.

II.2.5) Award criteria

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

A search using appropriate keywords on the GCloud 13 CCS Framework only produced Microsoft as a potential supplier.

Utilising Microsoft products fits to the strategic direction, and allows rationalisation of other products.

The contract produced for signature is equivalent to a GCloud contract.
