II.2) Quantity or scope of the contract

II.2.1) Total quantity or scope

The provision of quality SFM services to the Defence community is a key enabler of supporting operational capability and supporting the health, well-being, satisfaction and motivation of Service personnel.

The contracts which currently deliver these services, known as HESTIA, consolidated over 70 Multi-Activity Contracts (MACs) and successfully delivered a core set of standardised SFM services to the UK Defence estate through 7 regional contracts. These contracts are currently due to expire in 2026 and 2027.

Defence Soft Facilities Management (DEF SFM) will build on the successes of HESTIA to deliver quality and consistent replacement SFM contracts which demonstrate value for money and affordability, whilst meeting current and future requirements. The contracts will also seek opportunities to enhance the 'Lived Experience' for the Defence community by incorporating/addressing the opportunities for improvement identified throughout the life of the current contracts, brought about by changes in MOD policy, and in consultation with our customers.

DEF SFM contributes to Defence Infrastructure Organisation's (DIO) commitment to deliver key Defence services by ensuring that Defence continues to Mobilise, Modernise and Transform.

The Defence Infrastructure Organisation is seeking expressions of interest, via the completion of the Pre Qualification Questionnaire (PQQ), from Potential Providers (PPs) for managing and delivering the DEF SFM services detailed in this advert.

Further information regarding the scope of the contracts can be found at the Regional Information Booklets (RIBs).

To ensure a level of resilience, the Authority intends to impose win restrictions in order to manage market share and support DIO service delivery. This means that a minimum of three Industry Providers will be awarded contracts pursuant to this procurement process. Consequently, the Authority intends to utilise a points-based system to facilitate this objective.

The points allocated to each contract is based upon the estimated value of each Lot and aims to ensure that a single Industry Provider will not be awarded contracts which would constitute more than a 50% share of contracts to be awarded pursuant to the DFM SFM Programme. Further information regarding win restrictions is available via the PQQ and associated documentation.

The DEF SFM contracts are considered transformational and as such the requirements as set out in the SOR may change during the life of the contract. For example, as detailed as part of early market engagement, there are catering trials currently taking place such as Army EATS. These trials may result in a change in the catering provision required during the life of the DEF SFM contracts. In addition to this it is also possible that some service lines are market tested during the life of the contract, as part of an ongoing Category Management strategy. There is also the possibility that the scope of the contract is increased mid-term due to additional sites being added to the contract or the addition of requirements from PFI contracts that are expiring during the term of the DEF SFM contracts.

As part of the PQQ, Potential Providers must confirm acceptance of these points and also their willingness to work in a flexible and collaborative way. Failure to do so will result in the potential providers being excluded from the process.

The estimated values provided below include the option years.

Estimated value excluding VAT:

Range: between £3,947,411,324.59 and £4,870,837,760.18

II.2.2) Information about options

Section III. Legal, economic, financial and technical information

III.1) Conditions relating to the contract

III.1.1) Deposits and guarantees required

Parent company guarantees will be required if applicable.

III.1.2) Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

Conditions relating to payment will be specified in the contractual documentation.

III.1.3) Legal form to be taken by the group of economic operators to whom the contract is to be awarded

If a group of economic operators submits a bid, the group must nominate a lead organisation to deal with the authority. The authority shall require the group to form a legal entity before entering into the contract. The information sought within the PQQ must be provided for each of the consortium's constituent members, gathered together in a single response.

Where a group of economic operators intends to bid as a consortium, the members of that group may not bid as part of any other consortium participating in the competition or as a Key Sub-Contractor to a Prime Contractor.

Where a Potential Provider is bidding as a Single Provider Entity the Potential Provider may not also bid as part of a Consortium or act a Key sub-contractor to a Prime Contractor.

III.1.4) Other particular conditions to which the performance of the contract is subject, in particular with regard to security of supply and security of information

Where the services required are currently delivered through existing MOD contracts it is anticipated that Contractor to Contractor TUPE will apply and in some cases this will involve ex MOD employees. Where the services are currently delivered by the Authority in house, Authority TUPE will also apply, full details will be provided within the Tender documentation.

Those PPs who are successful at PQQ will be required to obtain baseline personnel security standard (BPSS) clearance for their ITN bid personnel prior to issue of the ITN. If BPSS is unattainable the PPs staff will not be able to work on this contract. PPs will require at least one member of staff with BPSS clearance to gain access to tender documentation. Further, any PP staff who wish to participate in the site visit programme

will require BPSS clearance.

The authority reserves the right to amend any condition related to security of information to reflect any changes in national law or government policy. If any contract documents are accompanied by instructions on safeguarding information (e.g. Security Aspect Letter), the authority reserves the right to amend the terms of these instructions to reflect any changes in national law or government policy, whether in respect of the applicable protective marking scheme, specific protective markings given, the aspects to which any protective marking applies or otherwise.

The link below to the [Gov.uk](https://www.gov.uk/government/publications/government-security-classifications) website provides information on the Government Security Classification.

III.2) Conditions for participation

III.2.1) Personal situation

Criteria regarding the personal situation of economic operators (that may lead to their exclusion) including requirements relating to enrolment on professional or trade registers

Information and formalities necessary for evaluating if the requirements are met:
Information and formalities necessary for evaluating if the requirements are met: The authority will apply all the offences listed in Article 39(1) of Directive 2009/81/EC (implemented as Regulation 23(1) of the Defence and Security Public Contract Regulations (DSPCR) 2011 in the UK) and all of the professional misconducts listed at Article 39(2) of Directive 2009/81/EC (see also Regulation 23(2) in the DSPCR 2011) to the decision of whether a candidate is eligible to be invited to tender.

A full list of the Regulation 23(1) and 23(2) criteria are at <http://www.contracts.mod.uk/delta/project/reasonsForExclusion.html#dspr>

Candidates will be required to sign a declaration confirming whether they do or do not have any of the listed criteria as part of the pre-qualification process.

Candidates who have been convicted of any of the offences under Article 39(1) are ineligible and will not be selected to bid, unless there are overriding requirements in the general interest (including defence and security factors) for doing so.

Candidates who are guilty of any of the offences, circumstances or misconduct under Article 39(2) may be excluded from being selected to bid at the discretion of the authority.

Criteria regarding the personal situation of subcontractors (that may lead to their rejection) including requirements relating to enrolment on professional or trade registers

Information and formalities necessary for evaluating if the requirements are met: Please see pre-qualification questionnaire and associated documentation.

III.2.2) Economic and financial ability

Criteria regarding the economic and financial standing of economic operators (that may lead to their exclusion)

Information and formalities necessary for evaluating if the requirements are met: Economic and financial standing will be assessed by use of a pre-qualification questionnaire.

Further information can be found in PQQ and associated documentation.

Minimum level(s) of standards possibly required: Economic and financial standing will be assessed by use of a pre-qualification questionnaire.

Further information can be found in PQQ and associated documentation.

Objective criteria for choosing the limited number of candidates: A pre-qualification questionnaire (PQQ) is provided on the AWARD Portal. Potential providers will need to complete the relevant PQQ questions and submit it electronically as instructed in the PQQ documentation. The authority reserves the right to reject or disqualify a Potential Provider where the PQQ is submitted late. The completed PQQ provides information that allows the MOD to evaluate the potential providers' capacity and capability against the selection criteria set in the PQQ.

The authority will use the PQQ response to create a list of suppliers who are eligible to participate under section III.2.1) of this contract notice and who fulfil any minimum capacity levels under sections III.2.2) and III.2.3) of this contract notice and who also best meet the selection criteria set out in the PQQ. Full details of the method for choosing those who will be invited to negotiate are set out in the PQQ and associated documentation.

In order to access the PQQ and associated documentation Potential Providers must complete a confidentiality agreement. Potential Providers will be able to access this by following the provided link to the AWARD portal.
