The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 5

In the case of framework agreements, provide justification for any duration exceeding 4 years:

Justification is made on the grounds that the length of the underlying contracts awarded under this framework agreement will typically exceed a term of four years. Procure Plus is also expanding the number of companies that will be appointed to the framework agreement when compared to previous procurements undertaken for fleet management. Procure Plus therefore wishes to ensure that the appointed service providers are each afforded ample opportunity to compete for and secure underlying contracts under the framework agreement during the term so that they may recover their initial investment in participating in the procurement. Procure Plus believes that a framework term of eight years will provide the basis to do this.
