Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - protection of exclusive rights, including intellectual property rights

Explanation:

A SecurAcath is a single use engineered stabilisation device used to secure percutaneous catheters in position on the skin. The device provides continuous securement from catheter placement to removal, preventing catheter migration and reducing complications such as infection and thrombosis. The SecurAcath device has exclusive rights and is patent protected and is available from one supplier only.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
