Procedure

Procedure type

Direct award

Direct award justification

- Single supplier - intellectual property or exclusive rights
- Single supplier - technical reasons

LCIV intends to award the bridging contract directly under section 41 of the Procurement

Act 2023 on the basis that a Schedule 5 single supplier justification applies

Rationale and Evidence (Single Supplier)

The evidence that only Mirador Solutions Limited can deliver within the bridging window includes:

Continuity of technical knowledge of the FARO codebase, architecture, environments and deployment pipeline.

Disproportionate time, cost and delivery risk associated with onboarding a new supplier mid-delivery and transferring partially complete artefacts.

The requirement is strictly time-critical to avoid delivery slippage and service disruption. The delivery timeline has been set by HM Government.
