II.2.4) Description of the procurement

We require a ground maintenance service provider for Lot 6 – West Midlands

This is the largest of the 9 lots, encompassing the urban conurbation of Birmingham, Walsall and Sandwell.

Amongst the 125 schemes contained within this lot are 5 Livesmart schemes for older people and only one large estate (350 properties) in the east of the city in Alum Rock. The remaining schemes are mostly smaller, purpose-built flats and houses with smaller external space than would be found on a traditional estate.

The stock is widely dispersed over the West Midlands, with many leaseholders as well as tenants as our customers.

With the exception of our Livesmart properties, all of the areas to be maintained are external communal areas, where separate access arrangements are very rarely required.

II.2.4) Description of the procurement

We require a ground maintenance service provider for Lot 8 - Plymouth, Exeter & Newton Abbot

The bulk of schemes and estates in this lot are in Plymouth. Exeter and Newton Abbot are both much smaller in property numbers and are newer housing schemes with smaller amounts of green space than in Plymouth.

Whilst Plymouth does have a number of smaller schemes, the majority of properties in the city are on 6 estates. Like many older, traditional estate's the external green environment can often be extensive. There are also 2 Livesmart schemes for older people in Plymouth.

As this lot is located in the south west of the country, it should be noted that that Plymouth especially can be rugged and hilly.

II.2.4) Description of the procurement

We require a ground maintenance service provider for Lot 9 - Bristol, South Gloucester & Ilminster

Whilst there are only two schemes in South Gloucester and 1 in Ilminster (Somerset), all of the remaining stock is in Bristol.

The properties in this lot are predominately of modern construction with smaller green spaces to maintain than on older estates.

This is currently the smallest of the 9 lots. However, we are currently developing quite extensively in Bristol, so we anticipate that this lot will grow in size in the next few years.

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The contracting authority will incorporate a minimum 10 calendar day standstill period at the point information on the award of the contract is communicated to tenderers. The Public Contracts Regulations 2015 (SI 2015 No 102) (as amended) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within 30 days beginning with the date when the aggrieved party first knew or ought to have known that grounds for starting the proceedings had arisen. The Court may extend the time limit for starting proceedings where the Court considers that there is a good reason for doing so but

not so as to permit proceedings to be started more than 3 months after that date. Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If the contract has been entered into the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the contract to be "ineffective."
