II.1.2) Main CPV code

- 72212780 - System, storage and content management software development services

II.1.3) Type of contract

Services

II.1.4) Short description

The University of Dundee seeks to procure a SaaS-based Video Management System to cater to the growing demand for producing, storing, and publishing rich video content across its diverse range of activities. The primary focus of this system will be to support education, with key requirements centred around the production of engaging learning content, lecture capture, and delivering a captivating media experience for students. However, the selected platform will also serve as a comprehensive video solution for the entire university community, empowering staff, and students to create and engage with high-quality video-based content.

Further details within specification of requirements

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description
