II.1.4) Short description

Stroke Association Stroke Recovery Service with Integrated Communication Support

Provide and coordinate the longer-term personalised support that people affected by stroke need to rebuild their lives after stroke, live full lives in their communities and prevent further stroke.

Working collaboratively with community stroke rehabilitation services, The Stroke Recovery Service provides a seamless experience of care for the person affected by stroke, where their needs are placed at the centre. Performing a unique, but complimentary role - focused on life after stroke which importantly starts immediately after stroke, rather than following rehab, to support the best possible recovery for individuals affected by stroke.
