II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

The aim of Our Future Health is to recruit up to 5 million adults from across the UK

to take part in the largest research study of its kind. Participants will be asked to provide information about their health

and lifestyles and small sample of their blood. Combining these multiple sources of health information, including

genetic data, will create an incredibly detailed picture that represents the whole of the UK. Our Future Health is

separately contracting for services to process samples from each of the participants with the aim to commence in

2022. It is expected that this will include award to 4 processing sites in the UK. In order to achieve this aim, Our

Future Health will now engage providers of logistics services that can manage biological samples in order to facilitate

the collection and transportation of blood samples from a wide variety of clinical and non-clinical settings to these 4

UK processing sites (England, Scotland, Wales & N. Ireland)
