Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Sealing Systems

Reference number

RWM521/DW

II.1.2) Main CPV code

- 73210000 - Research consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

Following on from current work on the Geological Disposal Technical Programme, and to develop further the technical scope underpinning the programme, RWM wishes to establish a phased, integrated project to develop technically feasible and scientifically underpinned sealing systems to meet RWM's long-term safety requirements. The project shall consider sealing system options for disposal vaults, tunnels, and accessways and be relevant to the range of geological environments and waste types pertinent to a UK GDF.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 73210000 - Research consultancy services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

Didcot

II.2.4) Description of the procurement

Following on from current work on the Geological Disposal Technical Programme, and to develop further the technical scope underpinning the programme, RWM wishes to establish a phased, integrated project to develop technically feasible and scientifically underpinned sealing systems to meet RWM's long-term safety requirements. The project shall consider sealing system options for disposal vaults, tunnels, and accessways and be relevant to the range of geological environments and waste types pertinent to a UK GDF.

II.2.14) Additional information

RWM are holding a supplier meeting to go through the requirement and the procurement process on 13 September 2021 at 10am.

If you would like to attend please e-mail amy.shelton@nda.gov.uk and david.wood@nda.gov.uk. We are happy to receive any questions in advance and also please could you let us know who will be attending. Thank you.
