## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Risk management for deployed personnel

Reference number

BC/02855

#### **II.1.2) Main CPV code**

- 48730000 - Security software package

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

The British Council is looking for Risk Management System for Deployed Personnel, The selected system will assist the British Council in fulfilling its duty of care obligations to its staff and its strategic objectives. It should have both preventative and reactive capabilities, combining mass communications and a more targeted facility during incident and crisis management (i.e. assisting in the preservation of life, maintaining operational delivery, protecting assets and upholding the British Council's reputation). The system will ensure that relevant staff can be informed of an on-going incident in good time, and given appropriate directions as required, that all staff can be quickly accounted for at any time, that they can confirm their 'safe/in-need-of-assistance status at the touch of a button, that they can be located (with reference to any incident) at any time by local management so that resources can be effectively prioritised and aid directed at those most in need, and

that

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £362,500

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 48730000 - Security software package
- 72212730 - Security software development services

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

#### **II.2.4) Description of the procurement**

The British Council is looking for Risk Management System for Deployed Personnel, The selected system will assist the British Council in fulfilling its duty of care obligations to its staff and its strategic objectives. It should have both preventative and reactive capabilities, combining mass communications and a more targeted facility during incident and crisis management (i.e. assisting in the preservation of life, maintaining operational delivery, protecting assets and upholding the British Council's reputation). The system will ensure that relevant staff can be informed of an on-going incident in good time, and given appropriate directions as required, that all staff can be quickly accounted for at any time, that they can confirm their 'safe/in-need-of-assistance status at the touch of a button, that they can be located (with reference to any incident) at any time by local management so that resources can be effectively prioritised and aid directed at those most in need, and that they can summon aid to their location even when unsure of where they are. The system will be supported by a 24/7 Control Room that can geo-locate affected personnel and offer immediate advice, based on British Council supplied S.O.P.'s. More details about the requirement can be found in the Tender Documents and section 7 of the ITT document.
