Contract

Local Area Energy Plan for North Northamptonshire

North Northamptonshire Council

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-021481

Procurement identifier (OCID): ocds-h6vhtk-04f8cb ([view related notices](#))

Published 14 May 2025, 5:09pm

Scope

Description

The purpose of the commission is to advance the Net Zero goals and ambitions of North Northamptonshire. The North Northamptonshire Council (NNC) are looking to appoint a suitably qualified consultant to produce a Local Area Energy Plan (LAEP) for North Northants. The LAEP will be an integral part of the Roadmap to Net Zero Action Plan and new Local Plan for the North Northants area. This energy strategy is critical as it will underpin the Council's climate emergency response and act as a framework to inform policy, planning, investment, and wider collaboration with key stakeholders to deliver Net Zero targets, including through the Big50 initiative.

The LAEP should include a comprehensive emissions assessment of the built environment (all categories of domestic, non-domestic, commercial, and industrial buildings) and relevant aspects of the transport sector; science-based targets for emissions reduction, to include interim milestones and sector-specific targets. This includes both existing and planned development and other proposals. It will integrate insights from the North Northamptonshire to Net Zero (NN2NZ) project and the Local Plan evidence base and should be produced in conjunction with key stakeholders from the energy sector.

NNC has procured baseline Net Zero data from the Energy System Catapult, the

successful Supplier will be expected to use this data which pertains to stages 1-3 of the LAEP. Funding of up to £85,000 is available to support the creation of the LAEP, including stakeholder engagement. The contract will comprise an eight-month delivery programme.
