II.2.4) Description of the procurement

The Home Office is the lead government department for immigration and passports and is

responsible for securing the UK border, controlling immigration and issuing passports and visas.

The Home Office Biometrics Programme seeks market knowledge from suppliers in relation to the service operation of the Matcher Service Platform and delivery of additional biometric functions to it.

The Matcher Service Platform (MSP) is a combination of a technology platform and the services required to support and operate the biometric matching functions. The MSP is further broken down into:

- o a Matcher Service Bus (MSB) where biometric transaction processing logic, biometric workflow rules, integration of Matching Engine Software (MES) and a Service Interface used by external subsystems; and

- o the infrastructure platform to host and provide the computing capacity for the MSB and MES operations.

II.3) Estimated date of publication of contract notice

6 December 2021
