II.1.3) Type of contract

Services

II.1.4) Short description

Established in 2004, Procurement for Housing (PfH) is a national procurement consortium

dedicated to the social housing sector and supported by the National Housing Federation (NHF), Chartered Institute of Housing (CIH) and HouseMark. Collectively our Members manage more than 75% of UK' social housing stock, with PfH helping them to achieve efficiency savings using a wide range of services including framework agreements, dynamic purchasing systems, spend analyses, strategy reviews, consolidated billing and comprehensive reporting. PfH is a contracting authority under Regulation 2 of the Public Contracts Regulations 2015 ("PCR 2015") and a central purchasing body under regulation 37 PCR 2015.

Please refer to www.pfh.co.uk for additional information.

PfH is administered by Inprova Limited and is headquartered in the North West of England with over 20 years of expertise and experience offering a complete procurement solutions package across outsourcing, technology and consultancy. By integrating procurement services and technology, Inprova operates as a delivery partner, supporting business performance improvement for the public sector.

- 71800000 - Consulting services for water-supply and waste consultancy
- 79723000 - Waste analysis services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

PfH wishes to establish a multi supplier framework agreement for waste management services across the United Kingdom, for its member base.

The waste management framework will require operators to be capable of delivering a fully managed service (either using sub-contracted supply chain or their own fleet/assets) across the UK. Service requirements will include but not limited to; waste collection services, account management, compliance management, management of sub-contracted parties – where applicable (including waste transfer stations) and provision of management information.

The framework will offer the member access to a managed licensed operator network which can undertake waste management collection and delivery services for construction related works. Waste materials will include but not be limited to, construction and demolition (C&D), general mixed and hazardous waste. The framework customer will primarily be housing associations and or council direct labour organisations (DLO) and / or social and private sector contractors undertaking works including but not limited to refurbishment, new build and major infrastructure works. Service models will primarily be of an ad hoc nature opposed to scheduled provisions.

The framework is likely to be divided into lots which will be finalised following market engagement. Details of the lots will be set out in the Contract Notice.

PfH wish to engage with the market to support the development of the framework strategy. This will be carried out through one to one telephone / video call discussions. For more information, please contact Judy Ashcroft – Jashcroft@pfh.co.uk. PfH are particularly interested in engaging with suppliers who operate within the responsive waste market, due to the turnaround SLA requirement of the sector.

II.3) Estimated date of publication of contract notice

1 November 2023

Section IV. Procedure
