Procedure

Procedure type

Direct award

Direct award justification

- Single supplier - technical reasons
- Extreme and unavoidable urgency

3 tenders were assessed on a Most Advantageous Tender basis, the scoring of which has been formally documented.

The expected spend for this service is over threshold and so an open procurement would have been the usual course of action, but the decision was made not to on the basis that this is a short term piece of work which we require to commence urgently in order to ensure that we adhere to the timeline of the business and deliver required outcomes to our Partner Funds. If an open process was followed at this stage, it would be highly unlikely that a system would be implemented prior to the required deadlines, which would pose operational risk and resilience impacts to the organisation and our Partner Funds.
