Scope of the Requirement

We require Suppliers to design and deliver a “core education service” for children and young adults in the YOIs - a broad and balanced curriculum using various and innovative delivery methods to meet the needs of all Learners including, but not limited to, traditional face-to-face classroom-based teaching and digitally enabled in-room learning. The broad and balanced curriculum will include (but not be limited to) literacy and numeracy (specifically Maths and English), English for Speakers of Other Languages (“ESOL”), Personal, Health, Social and Economic Education (PHSEE) and Information and Communications Technology (ICT). The Supplier will be ultimately responsible for designing the content of the curriculum. A flexible and responsive approach from the Supplier is therefore essential to delivery of the Services.

The Supplier will provide a careers advice service which is independent of the rest of the service and which aligns with the Gatsby Benchmarks of Good Career Guidance.

The core service at HMYOI Wetherby will include library services from contract commencement.

Other activities covered within the scope of the requirement include working with other partners providing services to the YOI and ICT services related to education.

We may require the provision of certain optional services and/or additional services. There is no obligation for us to take any such services from the Suppliers and nothing shall prevent us from receiving services that are the same as or similar to the optional services or the additional services from any third party.

Optional Services HMYOI Wetherby: Youth Work

Optional Services HMYOI Feltham: Youth Work and Library Services

Optional Services HMYOI Cookham Wood: Youth Work and Library Services

Optional Services HMYOI Werrington: Youth Work and Library Services

The library is a service for children and young adults at the YOIs to use, borrow and exchange books and to access other resources such as newspapers. A service must be provided to those who are not able to visit the library in person including those subjects to separation or for other reasons.

Youth work encompasses a broad range of activity designed to engage children and young adults at the YOIs in meaningful personal and social development processes. Such activity might include running youth clubs and one-to-one support and facilitating the engagement of those in custody with education and other on-site activities.

Suppliers may be offered the opportunity to deliver additional educational services, for example learning through drama or music interventions, adding to existing education provision as needs arise. The values for these services including the optional services is estimated to be £1.9M across the 4 Lots.
