Passcode: Sq2EP7sD

Service Requirements

The Domestic Abuse Act 2021 has implemented a statutory requirement on Local Authorities to ensure there is safe accommodation for victims of domestic abuse. This includes target hardening measures to ensure victims of domestic abuse are able to stay in their own homes, when safe to do so. The bullet points below covers support for victims of domestic abuse through enhancing security measures at their own home to increase protection against perpetrators and enable victims to stay in their own homes.

- The service is for the provision of support to approximately 175 people, around the enhancement of security measures in the homes of those who have been subjected to domestic abuse, and the perpetrator no longer lives in that home, in Peterborough. The providers of the scheme must:
- Proactively source and receive referrals from Peterborough Independent Domestic Violence Adviser (IDVA) Service, Cambridgeshire Constabulary, Cambridgeshire Victim and Witness Hub and other specialist Domestic Abuse and Sexual Violence Services in accordance with the Data Processing Agreement.
- Prioritise referrals for high-risk victims of domestic abuse that have been or will be heard at MARAC (Multi-Agency Risk Assessment Conference)
- Respond to referrals, with an initial contact, within 2 working days and a suitable appointment to complete works within 7 days
- Provide victims with the knowledge to keep themselves safe and reduce the chance of repeat victimisation.
- Install (and fund where appropriate) physical security upgrades, where necessary, as a way of providing practical and emotional reassurance.
- The security measures offered should be reasonable, practical, necessary and appropriate according to the safety needs of victim/survivors and the conditions of the property.
- As a minimum, the security measures applied must be to recognised British Standards and must comply with means of escape from fire requirements.
- Highlight where additional needs have been identified, and work with specialist domestic abuse services to signpost/refer victims to appropriate support and/or community services.
- Maintain details of all contact with victims and gather feedback from victims in line with the outcome monitoring requirements.
- Develop and maintain effective links with partner agencies and other agencies (statutory

and third sector) who support victims of domestic abuse.

Total value (estimated)

- £315,000 excluding VAT
- £378,000 including VAT

Above the relevant threshold
