VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

To extend the current contract provision for a further 6 months from 1 April 2022 to 30 September 2022 through a direct award to variation to the Contracting Authority's contract with Bradford District Care Foundation NHS Trust in accordance with Regulation 72(1)(b) of the Public Contracts Regulations 2015.

The estimated value of the six month extension will be approximately £3,589,984.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The additional services have become necessary due to the difficulties in consulting stakeholders during the Covid-19 pandemic in order to identify the priority requirements for the follow-on children's public health procurement that is due to commence in the autumn of 2021 given that the Contracting Authority anticipates that these priority requirements will have changed due to the impact of the Covid-19 pandemic. A change of contractor for the 6 month period cannot be made for economic reasons because to do so would mean the deployment of significant resource at expense to the Contracting Authority in parallel to the planning of the follow-on procurement. As such, this would cause the Contracting Authority significant inconvenience and substantial duplication of costs. The value of the contract modification does not exceed 50% of the original contract (£35,451,926).

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £35,451,926

Total contract value after the modifications

Value excluding VAT: £39,011,910
