This Framework was established in February 2021 to replace the previous Dynamic Purchasing System operated by Salisbury NHSFT.

This Framework operates at two levels - Level One, where any suitably qualified and eligible provider can submit details of all the apprenticeships they offer, and employers can then either direct award or, via Salisbury, conduct a further competition against their local needs. Level Two will be a smaller number of providers for a specific standard, appointed via a Further Competition, using a higher selection criteria published with each ITT.

Both levels of listing are open across all our eligible public and third sector organisations. Level Two listed providers can be selected either by employer direct award or a further competition amongst those listed.

Any Provider applying to the Framework must meet all the pass/fail criteria listed on the Response Document, and must only submit responses via Salisbury's Bravo procurement portal.

All Providers must agree to the Framework terms and conditions published on the Bravo portal - amendments to those Terms will not be made for specific providers.

Interested providers must complete the relevant submission on Salisbury's Bravo

procurement portal in order to be considered. Please note the final selection of providers to award is a decision for employers and this Framework does not represent a spend commitment by any organisation.

This Requirement is for the September 2021 opening of the Framework, to allow for the following :

- 1 - Existing providers to update their course listing (using the Excel document issued on the Bravo portal only)
- 2 - New providers to apply to join the Framework
