#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

You are invited to submit a tender for the Authority's requirement for Targeted Lung Health Check services.

The Targeted Lung Health Check service is divided into three service components:

- Service Component 1 - Conducting Lung Health Checks, communicating results, managing all patient reminders for the incident round, and scheduling follow-up appointments.
- Service Component 2 - Managing scanner schedules, including radiographers, assistants, nurses, and HCAs for the unit. This also includes IMER checks, CT scans, PACS storage, and sharing data with all providers.
- Service Component 3 - Handling all CT radiology reporting, transferring CT reports to all providers, and managing PACS storage. Focusing on ongoing quality and service improvement, particularly in quality assurance and data management, with a commitment to monitoring and reporting an exemplary service with continuous development.

The service delivery strategy involves delivering Service Component 2 in-house, while Service Components 1 and 3 will be put out to tender in two separate Lots. Potential bidders will be invited to tender for one or both Lots, allowing the Trust to determine the package that will deliver the best value for money.
