### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

A procurement process has been undertaken and the award decision has been challenged. This has prevented final award and therefore requires a short term contract with the existing provider to ensure that there is a continuation of vital services for primary care settings (GP's and Pharmacy) whilst this challenge is resolved. The Authority believes competition is absent for the technical reasons outlined above and the potential for patient harm and disruption.
