Yes

Procedure

Procedure type

Direct award

Direct award justification

- Single supplier - technical reasons
- Additional or repeat goods, services or works - extension or partial replacement
- Additional or repeat goods, services or works - further goods, services or works following a competitive procedure

The direct award is compliant with the Procurement Act 2023 with the below justification from Schedule 5 applicable and relevant as a tender exercise was previously conducted for the services:

The contracting authority wishes to buy additional or to partly replace existing goods, services or works which are the same or compatible with existing provisions (both those already supplied or that are contracted to be supplied). In this case, a direct award may be made where a change of supplier would result in the contracting authority receiving goods, services or works that are different from, or incompatible with, the existing goods, services or works, and that difference or incompatibility would result in disproportionate technical difficulties in operation or maintenance.
