Description

NHS Blood and Transplant (NHSBT) are seeking a provider for Next Generation Sequencing (NGS) QC testing requirements for the Cellular and Molecular Therapies (CMT) directorate, namely the Clinical Biotechnology Centre (CBC). CBC handle a number of products in the production of Advanced Therapeutic Investigational Medicinal Products (ATMPs) and starter material master cell banks (MCBs). These require NGS QC testing services that meet specific regulatory requirements.

Total value (estimated)

Engagement

Engagement deadline

13 June 2025

Engagement process description

Interested suppliers are asked to express their interest to rowena.thomas@nhsbt.nhs.uk and carley.butcher@nhsbt.nhs.uk by 5pm on Friday, 13th June 2025. Suppliers expressing an interest will be invited to attend an early market engagement exercise supplier meeting during the week of the 16th June 2025 (note: date subject to change). Prior to this session, interested suppliers will be provided with a draft specification of requirements and short questionnaire related to requirements. There is no guarantee that a formal procurement process will be launched as a result of this early market engagement exercise, nor that any contract(s) will be placed. No remuneration or compensation etc will be paid to organisations who take part in this early market engagement exercise. Suppliers should take part in this process only on the basis that they fully understand and accept this position.
