Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

There would be a number of technical reasons which would make a switch to any other solution disproportionately difficult to achieve. The solution integrates with several other embedded solutions and hardware. To implement a new solution would cause significant disruption, risk and resource to establish these integrations. A change in software and hardware would also result in significant additional training for front line operatives and back-office staff being required, leading to a potential risk of disruption.

Such information should be requested from East Riding of Yorkshire Council. If an appeal regarding the award of a contract has not been successfully resolved, the Public Contract Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly.
