Scope

Description

This procurement process is being advertised and run by First Greater Western Limited on its own behalf and on behalf of the successor operator of the rail passenger transport services in respect of [NRC area]. That successor operator will be a public sector company, is expected to be a wholly owned subsidiary of DfT Operator (DfTO) and will be ultimately owned by the Secretary of State for Transport. The date for transfer of the current operations to the successor operator is not yet confirmed. Where the transfer is completed before contract award under this procurement process, the successor operator may elect (but will not be obliged) to carry on with this procurement process in place of First Greater Western Limited, by taking on the role of contracting entity from the date of completion of the transfer (with this notice and all other procurement documents to be interpreted accordingly). Where the transfer is not yet completed by the time of contract award, contractual rights may be included in the contractual arrangements to enable transfer to the successor operator. Bidders should note that this procurement process (if ongoing), or any awarded contract, may be included in a transfer scheme made by the Secretary of State under section 12 of the Railways Act 2005, or the transfer may be effected outside of, or separate from, such a scheme.

The provision of external painting at Railway Stations across the Great Western Railway network. Works include cleaning and preparing previously painted surfaces, including metal, woodwork, brick, rendered and plastered surfaces.

This is delivered through a rolling programme of renewals over a 5-year period with an aspiration to complete an average of 40 stations per annum.
