I.5) Main activity

Housing and community amenities

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

CT0133 – MAJOR ADAPTATIONS FOR PERSONS WITH A DISABILITY FOR THE NORTHERN IRELAND HOUSING EXECUTIVE

II.1.2) Main CPV code

- 45210000 - Building construction work

II.1.3) Type of contract

Works

II.1.4) Short description

The Housing Executive wishes to procure suitably qualified and competent contractors to carry out works in relation to the provision of Major Adaptation Construction works to properties for Persons with a Disability throughout Northern Ireland. It is proposed to have 5 Lots in total with 4 of the Lots consisting of 3 Contractors per Lot each awarded a Contract and 1 Lot (Belfast Region), consisting of 4 Contractors, each awarded a Contract within that lot (subject to a sufficient number of compliant tenders being received) covering 5 geographical areas.

This approach is subject to review and the final strategy and structure will be as detailed in the Tender documents. Subject to terms and conditions each Lot Contract will be for a period of 24 months + options to extend for two further periods of 12 months each (or part thereof). Tenderers will be assessed on a “most economically advantageous tender” basis, according to 70% price and 30% quality. The NIHE reserve the right to amend or vary this approach, with final details being contained in the Tender documents.

The tender documentation is being finalised and should be published in due course (currently estimated as September 2023). This PIN is therefore to give some advance notice to the market that this tender is imminent. This potential contract is vital to address essential statutory requirements of the Contracting Authority which, directly and indirectly, impact the health, safety, mental and physical wellbeing of our customers, including those whom may be at risk

It is anticipated that tenderers will be able to bid for a maximum of 3 Lot contracts and be limited to winning a maximum of 2 Lot contracts (however the Contracting Authority reserves the right to increase this to 3 as will be set out in the tender documentation). For

instance, in the event that there are some unallocated Lot contracts once all tenderers have been allocated 2 Lot contracts after the award sequence has been completed, the Contracting Authority reserves the right to re-run the award sequence to be outlined in the Tender documents provided the Economic Operator has submitted a Price List Offer for the unallocated Lot contract and use their total tender score to continue to award Lots in the order detailed in the Tender documents. For the avoidance of doubt, no tenderer will be awarded more than three Lot contracts).

The proposed areas to be covered by the contract and current estimated annual values are as follows (please note the pre-tender estimated values will be detailed in the Tender documents):

Lot 1 North Region - East Area and South Antrim Area – GBP1million

Lot 2 South Region – South 2, Mid Ulster and South West Areas – GBP1.75million

Lot 3 South Region – South 1, North Down / Ards & South Down Area - £1.74million

Lot 4 North Region – West and Causeway Areas – GBP2.1million

Lot 5 Belfast Region – Belfast areas – GBP1.5million

(NB It is envisaged that Lots 1-4 will consist of 3 Contractors per Lot with Lot 5 consisting of 4 Contractors)

The actual value for each Lot shall be subject to change in line with the Contracting Authorities requirements. The Tender will be advertised using the Open Procedure. Each lot contract will be awarded to the most economically advantageous tender with the award criteria 70 percent Price and 30 percent Quality (which includes an assessment on social value of a minimum 10 percent).

All information contained within this PIN such as, the above tender strategy, indicative date of publication of the contract notice, and scope of works is subject to change at the Contracting Authorities absolute discretion.

II.1.5) Estimated total value

Value excluding VAT: £34,558,545

II.1.6) Information about lots

This contract is divided into lots: Yes

The contracting authority reserves the right to award contracts combining the following

lots or groups of lots:

It is envisaged that Economic Operator will be restricted to tendering for 3 lots, with a further restriction that they can only be awarded a contract on 2 lots, unless the award sequence is re-opened again.

II.2) Description

II.2.1) Title

Lot 1 North Region - East Area and South Antrim Area

Lot No

Lot 1 North Region - East Area and South Antrim Area

II.2.2) Additional CPV code(s)
