United Kingdom

Region code

UKJ44 - East Kent

Justification for not providing organisation identifier

Not on any register

Internet address(es)

Main address

<https://www.doverport.co.uk>

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.6) Main activity

Port-related activities

Section II: Object**II.1) Scope of the procurement****II.1.1) Title**

Dover Western Docks Revival Project - Reclamation works to infill Granville Dock, Tidal Basin, and Wick Channel

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

As part of the final stages of the large-scale Dover Western Docks Revival (DWDR) project, in the Port of Dover, we wish to carry out site clearance works of the existing pontoons and restraint piles, decommission two sets of lock gates and a Swingbridge and carry out reclamation works to infill the old Granville Dock, Tidal Basin, and Wick Channel.

To contain the reclamation material, approx. 1,000,000m³, we also need to construct two quay walls totalling approx. 130m in linear length.

Other ancillary works include extension of existing storm water and foul water drainage networks and rationalisation of existing HV, LV and data networks to provide services for future development on top of the approx. 10 hectares of newly created Port land.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45111100 - Demolition work
- 45111200 - Site preparation and clearance work
- 45111290 - Primary works for services
- 45112300 - Infill and land-reclamation work
- 45112310 - Infill work
- 45112320 - Land-reclamation work
- 45241100 - Quay construction work
- 45241400 - Dock construction work
- 45244000 - Marine construction works
- 45252124 - Dredging and pumping works

II.2.3) Place of performance

NUTS codes

- UKJ44 - East Kent

Main site or place of performance

Port of Dover

II.2.4) Description of the procurement

As part of the final stages of the large-scale Dover Western Docks Revival (DWDR) project, in the Port of Dover, we wish to carry out site clearance works of the existing pontoons and restraint piles, decommission two sets of lock gates and a Swingbridge and carry out reclamation works to infill the old Granville Dock, Tidal Basin, and Wick Channel.

To contain the reclamation material, approx. 1,000,000m³, we also need to construct two quay walls totalling approx. 130m in linear length.

Other ancillary works include extension of existing storm water and foul water drainage networks and rationalisation of existing HV, LV and data networks to provide services for future development on top of the approx. 10 hectares of newly created Port land.
