Contract

Provision of Instrumented Runway Visual Range (IRVR) Capability at Inverness and Kirkwall Airports

Highlands and Islands Airports Limited

F06: Contract award notice – utilities

Notice identifier: 2021/S 000-022226

Procurement identifier (OCID): ocids-h6vhtk-02947c

Published 8 September 2021, 9:45am

Section I: Contracting entity

I.1) Name and addresses

Highlands and Islands Airports Limited

Head Office, Inverness Airport

Inverness

IV2 7JB

Email

info@hial.co.uk

Telephone

+44 1667462445

Fax

+44 1667464300

Country

United Kingdom

NUTS code

UKM6 - Highlands and Islands

Internet address(es)

Main address

<http://www.hial.co.uk>

Buyer's address

https://www.publiccontractsscotland.gov.uk/search/Search_AuthProfile.aspx?ID=AA13542

I.6) Main activity

Airport-related activities

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of Instrumented Runway Visual Range (IRVR) Capability at Inverness and Kirkwall Airports

Reference number

HIA-01335

II.1.2) Main CPV code

- 38100000 - Navigational and meteorological instruments

II.1.3) Type of contract

Supplies

II.1.4) Short description

Provision of an IRVR Capability initially at Inverness and Kirkwall Airports, plus potentially also at Stornoway, Dundee and Sumburgh Airports, as instructed by HIAL.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 38100000 - Navigational and meteorological instruments
- 38120000 - Meteorological instruments
- 34997000 - Control, safety or signalling equipment for airports

II.2.3) Place of performance

NUTS codes

- UKM6 - Highlands and Islands

Main site or place of performance

Inverness Airport and Kirkwall Airport

II.2.4) Description of the procurement

Provision of a replacement IRVR Capability, on a 'turnkey' basis including decommissioning, removal and disposal of existing equipment at Inverness Airport and Kirkwall Airport.

The total scope of the contract includes the design, manufacture/supply, installation, testing and commissioning of a CAA approved IRVR capability at each airport. This is to include all associated civil works, infrastructure and facilities, decommissioning and removal of existing assets, and end to end contractor and project management by the supplier. The supplier shall also provide a three (3) year warranty against fault, failure, error and completeness, including installation work defects.

II.2.5) Award criteria

Quality criterion - Name: System Requirements / Weighting: 42

Quality criterion - Name: Works Requirements / Weighting: 42

Quality criterion - Name: Sustainability / Weighting: 4

Quality criterion - Name: Provision at Other Sites / Weighting: 12

Price - Weighting: 30

II.2.11) Information about options

Options: Yes

Description of options

- a) Provision of a new IRVR capability at Stornoway Airport, Dundee Airport and Sumburgh Airport
- b) Annual Support Service
- c) Ad Hoc Support Service
- d) Spare Parts Pack
- e) Consumables
- f) Additional HMI Equipment

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2021/S 000-003348](#)

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

18 August 2021

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

Systems Interface Limited

9c Oakhanger BUsiness Park, Oakhanger

Bordon

GU35 9JA

Telephone

+44 1483267066

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor is an SME

Yes

Section VI. Complementary information

VI.3) Additional information

Ageing IRVR equipment in service at Inverness Airport and Kirkwall Airport requires replacement to meet ongoing requirements and is the subject of this project.

The Air Traffic Management Strategy (ATMS) Programme will integrate Air Traffic Services (ATS) for many of the HIAL airports in a Combined Surveillance Centre (CSC) and modernise the management of service to deliver safe and effective air navigation. The CSC and supporting operation will utilise cutting edge technology and modern operational methods to improve business resilience, comply with evolving regulation and implement environmental improvements. Service delivery will also be undertaken in the Remote HIAL ATS Training and Contingency Centre (HATCC) which will serve as a redundant facility if the CSC is unavailable.

Remote service provision from the CSC will require standardised meteorological equipment across the service delivery sites. This project provides an opportunity to detail an option to procure additional systems to meet the ATMS Programme need, principally for new IRVR equipment to be installed at Stornoway, Dundee and Sumburgh Airports.

(SC Ref:665998)

VI.4) Procedures for review

VI.4.1) Review body

Inverness Sheriff Court and Justice of the Peace Court

The Inverness Justice Centre
