Description

Warwickshire boasts a variety of popular and attractive country parks and greenways, offering over 1,200 acres of diverse and scenic countryside. Welcoming over a million visits each year, the sites continue to evolve and diversify, offering the best possible experience to its visitors.

We have funding awarded to audit, design and install some new signage, wayfinding and interpretation across the estate, improving the visitor experience across our green spaces. The project must be completed by end of 2025/26 financial year. Our ambition is to cover all locations within the service although this may only be achieved through a phased approach with identified priority locations moved through to delivery in this year.
