Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

List and brief description of selection criteria

4B.5: It is a requirement of the proposed DPS that bidders hold, or can commit to obtain prior to the commencement of any subsequently awarded contract, the types and levels of insurance indicated below:

Employer's (Compulsory) Liability Insurance = £5,000,000 GBP

Public Liability Insurance = £5,000,000 GBP

Professional Risk Indemnity Insurance = £1,000,000 GBP

Product Liability Insurance = £5,000,000 GBP

<http://www.hse.gov.uk/pubns/hse40.pdf>

4B.6: It is a requirement of the DPS that Bidders commit to having their, and if relevant, their parent company's, economic and financial standing reviewed. Bidders understand that the Council intends to conduct credit-checks and that the Council reserves the right at its own discretion to seek such other information from the Bidder in accordance with Regulation 61(7) or Regulation 61(8) of the Public Contracts (Scotland) Regulations 2015 to prove the Applicant's economic and financial standing.

The review of economic and financial standing will be completed prior to any award of a position on the DPS to ensure Suppliers have sufficient standing to meet the requirements envisaged by contracts awarded under this DPS. The Council and other Contracting Authorities that may access the DPS reserve the right to carry out further financial investigations and request information in addition to what is listed in this DPS guidance document prior to any contract award.

A lack of sufficient economic and financial standing might be evidenced in a variety of ways, examples include, but are not limited to, an inability to provide accounts (audited and unqualified or not), poor credit rating, losses, and a poor cash/credit position.

Further investigations could include, but are not limited to, obtaining; further financial accounts, documents from the bidding entity, any subsidiary companies and parent(s) as appropriate, and/or bank references.

If following further investigation in the Council's opinion, the Supplier has a demonstrable risk of business failure and lacks sufficient economic and financial standing to meet the requirements of the DPS the Council reserves the right not to award the Supplier a position on the DPS.

III.1.3) Technical and professional ability

List and brief description of selection criteria

4C.1.2 Bidders will be required to provide a minimum of two examples that demonstrate that they have the relevant experience to deliver the services/supplies as described in part II.2.4 of the Find a Tender Service Contract Notice.

The examples (or justification for not providing any) must demonstrate technical capability and be relevant to the nature of this DPS and the Categories your organisation is seeking to participate in. Additionally, the named contacts provided should be able to provide written evidence to confirm the accuracy of the information provided by your organisation. the Council and other Contracting Authorities accessing the DPS reserve the right to request such confirmation of references for provisionally successful Suppliers prior award of any contract. When named contacts contend or contradict statements made regarding reference contracts this may constitute a misrepresentation by your organisation.

A single sentence for the description of the contract(s) is unlikely to be judged as suitable evidence of technical and professional ability.

4C.9 Bidders will be required to demonstrate that they have (or have access to) the relevant tools, plant or technical equipment to deliver the types of requirements detailed in II.2.4 in the Find a Tender Service Contract Notice or the relevant section of the Site Notice.

4C.12 Bidders may be required prior to award of any contract via the proposed DPS to confirm that they have the required quality control institute certificates (or from agencies of recognised competence) confirming that products/services meet the technical specifications or standards specified by the Contract Authority. As a minimum this will be compliance with all industry related ISO/BS standards, relevant safety standards, codes of conduct, and membership of any relevant trade bodies (e.g. UK Hydrogen and Fuel Cell Association).

If this cannot be provided, bidders will likely be required during a further competition to explain why, and to confirm details of other means of proof that can be provided (issuing authority, address, reference of documentation).

4D.1 The bidder must have the following:

- a. A documented policy regarding quality management. The policy must set out responsibilities for quality management demonstrating that the bidder has, and continues to implement, a quality management policy that is authorised by their Chief Executive, or equivalent, which is periodically reviewed at a senior management level. The policy must be relevant to the nature and scale of the work to be undertaken and set out responsibilities for quality management throughout the organisation.
- b. Documented procedures for periodically reviewing, correcting and improving quality performance including processes for ensuring that the bidder's quality management is effective in reducing/preventing incidents of sub-standard delivery. This must include the quality of output and general performance.
- c. A documented process for ensuring that quality management is effective in reducing/preventing incidents of sub-standard delivery. This must include the quality of output and general performance. The bidder must be able to provide copies of their organisation's documentation procedures that meet current agreed good practice. These must include the arrangements for quality management throughout the bidder's organisation. They must set out how the bidder's organisation will carry out its policy, with a clear indication of how the arrangements are communicated to the workforce.
- d. Documented arrangements for providing the bidder's workforce with quality related training and information appropriate to the type of work for which this organisation is likely to bid. This will demonstrate that the organisation has in place, and implements, training arrangements to ensure that its workforce has sufficient skills and understand
