II.1.4) Short description

Homes England is seeking to appoint a competent Supplier for advanced vegetation clearance services at South West Rugby Homestead Link Road (HLR).

South West Rugby Homestead Link Road (HLR) is a critical infrastructure proposal that will unlock the wider allocated South West Rugby Sustainable Urban Extension (SUE). This includes approximately 5000 new homes, 35ha of employment land and supporting open green space, community and education uses.

The advanced vegetation clearance and ecological mitigation services, comprise: removal of all trees and non-woody vegetation comprising tree felling, stump removal, and disposal of arisings of approximately 1.15ha of tree canopy cover comprising 47 individual trees, 16 tree groups and a small part of 1 woodland; removal of approximately 912 lin.m of hedgerow; soft-felling of a tree in accordance with Natural England licence; supply and install bat boxes; supply and install temporary bat hopovers where linear features are being lost along flight lines; closure and destruction of several active and disused badger setts in accordance with the terms and conditions of Natural England licence; and supply and install a mixture of temporary fencing to secure boundaries which have been opened as a result of felling/clearance activities.

The Services are proposed outside of the main works contract as they require specialised expertise or equipment that would otherwise not be covered by the main works and additionally to mitigate ecological constraints.

II.1.5) Estimated total value
