Scope

Description

This is a Preliminary Market Engagement to notify suppliers that Camden Council will be procuring four Adult Pathway services later this year. Two of the services will be for men and two will be mixed provision.

The main purpose of the Adult Pathway is to prevent homelessness, to help to reduce rough sleeping across the borough and to enable those with support needs and/or chaotic lifestyles to acquire the skills to live independently. The Adult Pathway comprises 682 beds and the level of support provided varies between services, but the majority of services provide 24/7 cover and are for people with medium to high support needs. The support provided is psychologically and trauma informed. Service providers will need to have an appropriate building/s to deliver the accommodation and support service.
