### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

This modification is in accordance with Regulation 72(1)(c)(i) and (ii). This modification is required to allow the contractor a further period of time in which to implement the contract due to unforeseen circumstances with their manufacturer, as a result of non-compliance to Medical Device Regulations (MDR) moving from IVD to IVDR compliance. This could not have been foreseen by the Contracting Authority so a six month remedial period has been granted to the Contractor which will delay the Contract start date for their Lot only.
