II.1.4) Short description

Defra's E.L.M. requires provision of two separate flexible contracts with suppliers with agricultural and ecological expertise required for

- 1). developing payment rates and,
- 2). the independent verification of the calculated rates.

The tender will establish 2 separate call-off contracts for Lot-1 (consisting of sub lot-1A and Lot-1B) of the tender and Lot-2 of the tender.

The separate contracts are to assure independent objectivity of the verification process in lot-2.

Both contracts will each be for a maximum duration of 4 years in total (2-years initially, followed by of 2 possible 1-year extensions).

A high-level description of the lots are as follows:

LOT-1: Payments Data, Calculations and bespoke ad hoc research

- Lot-1A) Technical support for the calculation of E.L.M. payment rates consisting of,
 - The production of new building blocks that are needed for E.L.M actions, with clear sources of data and assumptions. Primarily this will be national averages, but some local/bespoke building blocks will be required.
 - Generate assumptions, in collaboration with Defra specialists, needed for payment calculations on how an E.L.M action affects a particular farming system.
 - Construct payment calculations, using our payments calculator and ensure our model can be scaled up in size for new payment calculations.
- Lot-1B) Provide support to E.L.M. payment policy development through bespoke research projects, as specified and agreed between E.L.M. and the supplier throughout the contract.

LOT-2: Verification of Payments Data (calculated by the contractor awarded lot-1A).

An independent consultancy to provide assurance on the data, assumptions and payment calculations produced in lot-1A) to ensure they stand up to scrutiny from the main bodies interested in the technicalities of our payment calculations.
