I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Highland Council and TPPL Hydrogen Generation And Fuelling Infrastructure DPS

Reference number

TPPLTHCHR01

II.1.2) Main CPV code

- 24111600 - Hydrogen

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Council invites organisations to participate in a 60-month DPS across a number of categories for hydrogen generation and fuelling infrastructure. The DPS will be accessible by the Council and members of TPPL. The DPS may be used by all Contracting Authorities throughout all administrative regions of the UK (as defined by the Public Contracts Regulations 2015 and the Public Contracts (Scotland) Regulations 2015) including but not limited to Government Departments and their Agencies, Non-Departmental Public Bodies, Central Government, NHS Bodies, Local Authorities, Emergency Services, Coastguard Emergency Services, Educational Establishments, Registered Social Landlords and Registered Charities who have a need to purchase the above services.

The DPS is being run by The Procurement Partnership and is available to join NOW at

<https://www.delta-esourcing.com/tenders/UK-Inverness:-Hydrogen./PTFT6NGY42>

II.1.5) Estimated total value

Value excluding VAT: £425,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

II.2) Description

II.2.1) Title

Category 1: Hydrogen generation and fuelling infrastructure

Lot No

1

II.2.2) Additional CPV code(s)

- 24111600 - Hydrogen
- 34223360 - Refuelling trailers
- 63712600 - Vehicle refuelling services

- 09120000 - Gaseous fuels

II.2.3) Place of performance

NUTS codes

- UKM6 - Highlands and Islands

Main site or place of performance

UK UNITED KINGDOM

II.2.4) Description of the procurement

Hydrogen generation and fuelling infrastructure (both permanent and temporary) to include but not limited to; complete mobile refuelling vehicles and conversion to existing chassis, mini hydrogen dispensers, emergency back-up solutions, hydrogen generation, self-contained hydrogen refuelling units, on-site stored hydrogen containers with and without compressors to regenerate hydrogen supply and facilities to utilise hydrogen production by-products, hydrogen refuelling stations, and hydrogen production plants including regional hydrogen hubs. Infrastructure may be provided by suppliers on a 'fully managed' basis, i.e. the supplier provides the necessary infrastructure, production, storage, delivery, and supply on a full turnkey basis.

Applications to participate are welcomed from Suppliers that do not provide all of the supplies/services stated above. Estimated total value of contracts to be awarded under this Category during the 60-month period is 250,000,000.

II.2.14) Additional information

DPS is already available at

<https://www.delta-esourcing.com/tenders/UK-Inverness:-Hydrogen./PTFT6NGY42>

II.2) Description

II.2.1) Title

Category 2: Supply of Hydrogen (for vehicle fuelling)

Lot No

2

II.2.2) Additional CPV code(s)

- 24111600 - Hydrogen

- 09120000 - Gaseous fuels

II.2.3) Place of performance

NUTS codes

- UKM6 - Highlands and Islands

Main site or place of performance

UK UNITED KINGDOM

II.2.4) Description of the procurement

Ongoing supply of Hydrogen to include but not limited to; Grey, Blue, and Green hydrogen, and also hydrogen produced from nuclear (Pink) sources. Hydrogen may be supplied using mobile refuelling vehicles, refilling of on-site stored hydrogen containers, and charged supply of hydrogen to the end buying customer as a method of recovering the cost invested in the infrastructure.

Applications to participate are welcomed from Suppliers that do not provide all of the supplies/services stated above. Estimated total value of contracts to be awarded under this Category during the 60-month period is 50,000,000.

II.2.14) Additional information

DPS is already available at

<https://www.delta-esourcing.com/tenders/UK-Inverness:-Hydrogen./PTFT6NGY42>

Please use the link to declare your interest and find out more.

II.2) Description

II.2.1) Title

Category 3: Electric vehicle charging infrastructure

Lot No

3

II.2.2) Additional CPV code(s)

- 31158000 - Chargers

II.2.3) Place of performance

NUTS codes

- UKM6 - Highlands and Islands

Main site or place of performance

UK UNITED KINGDOM

II.2.4) Description of the procurement

Electric vehicle charging infrastructure for specialist and heavy goods vehicles, this may also include charging infrastructure for any other vehicle and body type required. Contracts may include site surveys, installation, ongoing support/maintenance (of the charging points and associated equipment), site safety works (e.g. markings, signage, equipment), technical consultancy/guidance, dynamic load management, provision of emergency back-up solutions, and behind the meter production and storage options. EV charging infrastructure may be provided by suppliers on a 'fully managed' basis, i.e. the supplier provides the necessary infrastructure on a full turnkey basis.

Applications to participate are welcomed from Suppliers that do not provide all of the supplies/services stated above. Estimated total value of contracts to be awarded under this Category during the 60-month period is 75,000,000.

II.2.14) Additional information

DPS is already available at

<https://www.delta-esourcing.com/tenders/UK-Inverness:-Hydrogen./PTFT6NGY42>

Please use the link to declare your interest and find out more.

II.2) Description

II.2.1) Title

Category 4: Recycling and repurposing of electric vehicle batteries

Lot No

4

II.2.2) Additional CPV code(s)

- 31440000 - Batteries
- 45453100 - Refurbishment work

- 42914000 - Recycling equipment
- 90514000 - Refuse recycling services

II.2.3) Place of performance

NUTS codes

- UKM6 - Highlands and Islands

Main site or place of performance

UK UNITED KINGDOM

II.2.4) Description of the procurement

Recycling, and/or repurposing of electric vehicle batteries to include (but not limited to) all sizes and types of electric vehicle batteries. Recycling to include the disposal, disassembly, and recycling of precious metals, and other elements. Repurposing of batteries, to include any necessary refurbishment, for use in a variety of applications. Examples include energy storage (both domestic and commercial), mobile power units, storage to store energy at renewable production facilities (e.g. solar arrays), and emergency power storage (e.g. for use after natural disasters)

Applications to participate are welcomed from Suppliers that do not provide all of the supplies/services stated above. Estimated total value of contracts to be awarded under this Category during the 60-month period is 20,000,000 .

II.2.14) Additional information

DPS is already available at

<https://www.delta-esourcing.com/tenders/UK-Inverness:-Hydrogen./PTFT6NGY42>

Please use the link to declare your interest and find out more.

II.2) Description

II.2.1) Title

Category 5: Supply of Hydrogen (for domestic and commercial purposes)

Lot No

5

II.2.2) Additional CPV code(s)

- 24111600 - Hydrogen
- 09323000 - District heating
- 09300000 - Electricity, heating, solar and nuclear energy
- 09120000 - Gaseous fuels

II.2.3) Place of performance

NUTS codes

- UKM6 - Highlands and Islands

Main site or place of performance

UK UNITED KINGDOM

II.2.4) Description of the procurement

Ongoing supply of hydrogen to include but not limited to; Grey, Blue, and Green hydrogen, hydrogen produced from nuclear (Pink) sources, and hydrogen blended with natural gas. Hydrogen may be supplied into a closed/private network or grid, by using mobile refuelling vehicles, refilling of on-site stored hydrogen containers, and by any other means appropriate. Category may also include supply and installation of necessary infrastructure required to facilitate the supply of hydrogen to the network/grid.

Applications to participate are welcomed from Suppliers that do not provide all of the supplies/services stated above. Estimated total value of contracts to be awarded under this Category during the 60-month period is 30,000,000 .

II.2.14) Additional information

DPS is already available at

<https://www.delta-esourcing.com/tenders/UK-Inverness:-Hydrogen./PTFT6NGY42>

Please use the link to declare your interest and find out more.

II.3) Estimated date of publication of contract notice

10 September 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

This DPS is being tendered by The Procurement Partnership via Delta Resourcing and is available NOW. Please follow the link below to declare an interest and access more information.
