II.2.4) Description of the procurement

Energy Saving Trust is seeking to appoint some experienced research consultants to a Framework Agreement to deliver a range of research and evaluation activity. The types of project that might be commissioned under Lot 1 include:

Quantitative research with the beneficiaries of Energy Saving Trust advice programmes, to support quantitative impact evaluation of the programme. Impact evaluations are reported to Energy Saving Trust and government funders. At the time of writing this would be the most frequently commissioned project type under Lot 1.

Qualitative research with the beneficiaries of Energy Saving Trust advice programmes, to

support evaluation of the programme. Evaluation projects might involve the use of focus groups, workshops or other methods to explore in depth the views and experiences of beneficiaries of Energy Saving Trust advice programmes.

Quantitative and qualitative research with Energy Saving Trust target audiences (e.g consumers, businesses) to explore either at scale or in depth their behaviours, attitudes and perceptions related to a particular topic area. Individual projects might involve quantitative telephone interviews or online surveys, qualitative telephone interviews, focus groups and workshops.

Depending on the individual requirements of projects, suppliers under Lot 1 may be required to deliver:

Review, integration and management of customer contact details and monitoring datasets into research tools and final research datasets.

Development of sampling frameworks, questionnaires, topic guides and other research tools

Completion of between 100 and 2,000 computer assisted telephone interviews with target audiences to agreed timelines, targets/quotas.

Provision of quality assured research datasets, analysis of raw data, production of written reports and slide packs
