Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

No other reasonable alternative exists for this procurement and this service is critical to patient care and service delivery. The replacement of which would require infrastructure, ICT and extensive validation work that would result in significant disruption and disproportionate technical difficulties that would impact on the Trusts ability to deliver services. The absence of competition is not a result of the artificial narrowing of the parameters of the procurement. This is an interim arrangement to enable a procurement process to be finalised.
