Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Vehicle Telematics

Reference number

COV - 9781

II.1.2) Main CPV code

- 32441300 - Telematics system

II.1.3) Type of contract

Supplies

II.1.4) Short description

We are proposing to review the current provision and go out to market to ensure we have the best value, most up-to-date telemetry system for our vehicle fleet. It is still recognised that telematics is integral to managing a vehicle fleet and investment is beneficial as mentioned above.

II.1.5) Estimated total value

Value excluding VAT: £330,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKG33 - Coventry

II.2.4) Description of the procurement

The current vehicle telematics system provides the Council real-time and historical

information on the location, activities, and utilisation of our vehicle fleet and assists us to undertake/achieve effective risk management of lone workers. This provision has been deployed across the Council's vehicle fleet, to which has become an integral part of managing a vehicle fleet and provides Services Area's useful data to help manage their service operations.

Using telematics data allows the City Council to enhance our overall business effectiveness and efficiency within a transport operation. It provides us opportunities to drive down fuel consumption and increase air quality, reduce insurance premiums and to improve road and driver safety.

The Supplier will supply a suitable web-based vehicle tracking solution ('the solution') that enables the Council to monitor the following data:

- Real time information showing vehicle status and location
- Historical journey reporting
- Idle times
- Journey reports
- Mileage reports
- Speed reporting
- Harsh braking
- On-line historical data
- Geo-fence - time in and out of specified locations
- Driver performance - driver behaviour indicators (DBI)
- Driver ID

Data retrieved will be collected from the vehicle tracking devices and associated equipment installed in the Council's vehicles / plant, both in real time and via historical data. The data can be utilised for data analysis, historical reporting and advisory reporting information in line with the requirements specified by the Council.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement

documents

II.2.6) Estimated value

Value excluding VAT: £330,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 February 2022

End date

31 January 2028

This contract is subject to renewal

Yes
