Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Trend building energy management system (BEMS) Maintenance - Central Area

Reference number

EC0978

II.1.2) Main CPV code

- 50000000 - Repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

The University of Edinburgh (UoE) is looking to appoint a Services Provider to undertake a fully comprehensive planned and reactive maintenance service for the UoE Trend building energy management system (BEMS) and associated control equipment. Fully comprehensive includes for supply, replacement and commissioning of faulty items associated with the BEMS.

The contract will cover the UoE Central Area (Kings Buildings and Accommodation Services) which includes approximately 33 sites, 254 controllers and 6176 hardware points.

The successful service provider will be required to meet minimum technical standards and provide evidence based requirements:

A team of Trend Expert Engineers accredited in Building Management Systems - cards, certificates or training records of operatives to demonstrate their accreditation.

Trend Expert Engineers capable of carrying out LV and ELV Control panel modifications and component replacements - electrical competency cards, certificates or training records of operatives to demonstrate their accreditation.

The successful service provider shall have 963/IQVision and SET software licence agreements from the installed systems manufacturer - licence agreement certification or relevant documentation.

The successful service provider will be required to provide a licenced copy of Trend System Engineering Tool (SET) for the duration of this contract and install this on a dedicated University's PC to allow University's Controls Engineers access.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £230,000

- 71314200 - Energy-management services

II.2.3) Place of performance

NUTS codes

- UKM75 - Edinburgh, City of

Main site or place of performance

University of Edinburgh

II.2.4) Description of the procurement

The University of Edinburgh (UoE) is looking to appoint a Services Provider to undertake a fully comprehensive planned and reactive maintenance service for the UoE Trend building energy management system (BEMS) and associated control equipment. Fully comprehensive includes for supply, replacement and commissioning of faulty items associated with the BEMS.

Bidders must self-certify their adherence to the conditions of participation via the SPD (Scotland) in PCS-T. Bidders must refer to the specific requirements listed in the Section III in this Contract Notice when completing the SPD in PCS-T. Bidders should note that these are mandatory pass/fail requirements and that failure to provide adequate evidence on request of how these requirements shall be met will result in automatic exclusion from the Tendering process.

Each Bidder passing the Minimum Standards will then respond to SPD questions. Suppliers that pass the SPD questions will then be subject to a technical and commercial evaluation.

Bidders will be required to confirm they can meet the requirements and specification detailed within the Statement of Requirements within the Invitation to Tender, Bidders will be required to provide a full product specification. Failure to confirm and demonstrate this in their responses to the technical questions will result in the Bidder being automatically excluded.

The University of Edinburgh reserves the right to apply their own judgement based on experience from similar contracts to determine if the response is feasible. If Bidders knowingly cannot fulfil this, they should discontinue this application.

A 50% technical threshold will apply - bids will be required to achieve a minimum total overall technical score of 35% or more out of the maximum of 70%. A Bidder who fails to achieve the technical threshold will be excluded from the commercial tender evaluation and shall take no further part in the tender evaluation process.

Commercial scores shall be allocated on a comparative basis with the lowest overall price receiving full marks and others a percentage of that mark according to the difference between their bid and the lowest offer. Where we consider any of the total price(s) you have submitted to be abnormally low we will ask you to explain the price(s) you have submitted (as required in regulation 69 of the Public Contracts Regulations 2015).

The quality and commercial score will be combined to give each Bidder, who has passed the technical threshold, an overall total score. The supplier with the highest total score will be deemed to have provided the most economical advantageous tender (MEAT).

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 70

Price - Weighting: 30

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

No

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £230,000

Section VI. Complementary information

VI.3) Additional information

NOTE: Bidders and subcontractors engaged in the delivery of this contract may be excluded if they have not met applicable social,

environmental and labour obligations under national, EU, and international law (as indicated in ESPD section 3D). Without prejudice to

any relevant obligations, suppliers should note that this includes obligations for certain organisations under:

-the Modern Slavery Act 2015 (available at <http://www.legislation.gov.uk/ukpga/2015/30/contents/enacted>),

-the ILO conventions and other measures listed in Annex X of Directive 2014/24/EU (available at

<http://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32014L0024&from=EN>)

- the Equality Act 2010, in regards to the protected characteristics of age, disability, gender reassignment, marriage and civil partnership,

pregnancy and maternity, race, religion or belief, sex and sexual orientation (available at

<https://www.legislation.gov.uk/ukpga/2010/15/contents>)

-the Employment Relations Act 1999 (Blacklists) Regulations 2010 (<http://www.legislation.gov.uk/uksi/2010/493/contents/made>) - this is

grounds for mandatory exclusion or termination at any procurement or contract stage

At any stage, bidders and/or relevant subcontractors may be required to provide statements and means of proof demonstrating their

compliance with these obligations or the reliability of their self-cleansing measures, including the annual statement as provided for by section 54 of the Modern Slavery Act for organisations with a turnover of 36,000,000 GBP or over.
