Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object**II.1) Scope of the procurement****II.1.1) Title**

Life After Stroke Services

Reference number

CA10968 - ESNEFT1922

II.1.2) Main CPV code

- 85144100 - Residential nursing care services

II.1.3) Type of contract

Services

II.1.4) Short description

Across England it is recognised that Stroke is the third largest cause of death, and a major cause of disability and social care need. The impact of stroke is substantial, with high costs associated, long lengths of stay in hospital and high levels of avoidable disability and mortality.

Within England:

- Approximately 110,000 people experience a stroke every year.
- 20-30% people die within a month of experiencing a stroke.
- 25% of strokes occur to people under the age of 65.
- There are approximately 900,000 people living with the effects of stroke.
- 300,000 people live with moderate to severe disability as a result of experiencing a stroke.

(National Stroke Strategy 2007)

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKH3 - Essex

Main site or place of performance

Essex

II.2.4) Description of the procurement

On average 630 patients registered with a North East Essex GP experience stroke each year. The impact of stroke is huge with high costs associated, long lengths of stay in hospital and high levels of avoidable disability and mortality.

As the risk of developing a stroke increases sharply with age the number of new strokes will increase with the increased number of older people in North East Essex. To limit or even reverse this trend the underlying risk of stroke needs to be reduced. In other words, the modifiable risk factors need to be addressed' (Dr Danny Showell, Locum Consultant in Public Health, April 2010). North East Essex is addressing Primary and Secondary prevention to reduce the number of people experiencing a stroke and aims to reduce the long-term impact having a stroke has on individuals and their family/carers.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

72

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No
