Hampshire County Council is seeking the views of providers who may be interested in tendering for a Framework for the Manufacture, Supply and Installation of Lock Gates on Basingstoke Canal.

Responses may be used to support the development of the specification and to inform the future framework structure.

The current proposal is to put in place a 4-year multi-supplier framework, with one lot for a measure, build and install service. The framework will be limited to 3 suppliers. Hampshire County Council will be the lead contracting authority, with the framework available for use by the following contracting authorities: Hampshire County Council and Surrey County Council.
