25-020

Description

The Council is seeking market feedback on the service specification prior to commencing any formal procurement. In this preliminary phase, we would like to understand:

- do any clauses require clarification
- provider's ability to deliver small group provision in community settings, including provider sourcing of setting and responsibility for risk assessment
- are there any new educational approaches, for example around provision of equipment
- are training requirements, including requirement for a first aid trained member of staff to attend all sessions, aligned with market norms

- provider's views on pastoral support including mentors
- any further suggestions or ideas for running outcome focussed tuition services.
