II.2.4) Description of the procurement

Surrey County Council is seeking to procure a supplier to undertake the design, build, finance and operate (DBFO) of an extra care housing provision at 3 sites: Colebrook, Orchard Court and Birchlands. The 3 sites are anticipated to deliver in the region of 219 affordable housing units.

The object of this tender opportunity is the design, build, finance and operation of extra care housing schemes. Upon the completion of the construction of the extra care housing, the successful bidder will be required to provide the landlord and housing management element of the service.

The Council is proposing to offer an agreement for lease and subsequently a minimum 125-year ground lease to the supplier in respect of each site, which are all currently vacant.

For the purposes of enabling the Council to make efficient use of existing commissioning models in respect of the provision of care services to vulnerable older persons and to align the care provided to the occupants of the extra care housing with that provided more widely, the Council shall be procuring the care service separately to this tender

In accordance with the Council's strategic requirements pertaining to the extra care housing provision, the Council requires that the tenure at the schemes shall be a 100% affordable model. To meet the Council's definition of affordability, rents and service charges must be set at levels agreed with the strategic housing authority.

To meet the Council's strategic priorities, the Council shall require 100% nomination rights to the extra care housing provision, with tenancies being offered only to those persons that shall meet the Council's eligibility criteria.

The Procurement is being undertaken in accordance with the Competitive Procedure with Negotiation pursuant to regulation 29 of the Regulations. Although the Council is utilising the Competitive Procedure with Negotiation our ambition is to undertake a procurement which is not overly burdensome and facilitates enough interaction with bidders to arrive at the right decision. This is why we have opted to utilise the competitive procedure with negotiation — a process which enables us to interact with shortlisted bidders and provides

bidders with a reciprocal opportunity to explore potential solutions with us and obtain detailed feedback on their proposals.
