The contract is awarded by a central purchasing body

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Scientific Research

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

GC1 Custom Modifications

Reference number

2506-S

II.1.2) Main CPV code

- 45220000 - Engineering works and construction works

II.1.3) Type of contract

Works

II.1.4) Short description

Gericke previously won the tender to supply the original feeder & blender line and subsequently joined GC1 as a technology partner. The existing CPI owned equipment comprises feeders & blenders with one or more tablet press to be introduced in the near future. The feeders and blenders are Gericke designed & supplied. Gericke have detailed insight to the set-up of the existing CPI line, both in terms of physical engineering but also in terms of integrated control systems, and the modifications required to extend the line to include the required additional features. Design modifications are dependent on equipment layout and operation, which Gericke has unique insight of, therefore Gericke are therefore uniquely positioned to provide the requested modifications to the GC1 platform.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £410,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Gericke previously won the tender to supply the original feeder & blender line and subsequently joined GC1 as a technology partner. The existing CPI owned equipment comprises feeders & blenders with one or more tablet press to be introduced in the near future. The feeders and blenders are Gericke designed & supplied. Gericke have detailed insight to the set-up of the existing CPI line, both in terms of physical engineering but also in terms of integrated control systems, and the modifications required to extend the line to include the required additional features. Design modifications are dependent on equipment layout and operation, which Gericke has unique insight of, therefore Gericke are therefore uniquely positioned to provide the requested modifications to the GC1 platform.

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

Gericke previously won a tender to supply the original feeder & blender line and subsequently joined GC1 as a technology partner. The existing CPI owned equipment comprises feeders & blenders with one or more tablet press to be introduced in the near future. The feeders and blenders are Gericke designed & supplied. Gericke have detailed insight into the set-up of the existing CPI line, both in terms of physical engineering but also in terms of integrated control systems, and the modifications required to extend the line to include the required additional features. Design modifications are dependent on equipment layout and operation, which Gericke has unique insight of, therefore Gericke are therefore uniquely positioned to provide the requested modifications to the GC1 platform.
