Engagement

Engagement deadline

13 June 2025

Engagement process description

Oxford Health NHS Foundation Trust is conducting this supplier questionnaire as part of its preliminary market engagement for a future procurement of a CAFM/IWMS system. The purpose of this exercise is to gather feedback from the market to help shape our specification, delivery model, and procurement approach. This questionnaire is voluntary, non-evaluative, and responses will be used solely to inform our planning. Your insight will help ensure that the procurement is commercially viable, appropriately structured, and aligned with supplier capabilities. For clarity, this is not a call for competition. Interested parties can access the relevant documents via the Atamis system at <https://health-family.force.com/s/Welcome> using the contract reference. Suppliers may also submit the completed questionnaire through Atamis but must be registered on the system to do so.
