The aim is to commission a high quality, evidence-based, effective, equitable and accessible service for patients who have cancer-related and non-cancer related lymphoedema, regardless of aetiology, that ensures improved patient outcomes in relation to clinical needs, quality of life, health and well-being for the populations of Lancaster, Morecambe Bay and South Cumbria.

This is a Provider Selection Regime (PSR) notice that this provider selection process has been abandoned and a contract has not been awarded. This process has been abandoned under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply.

VII.2) Other additional information

The ICB has taken the decision to abandon this Competitive Procedure due to no bids being received, in line with Regulation 15, Paragraph 2 of The Health Care Services (Provider Selection Regime) Regulations 2023.

The competitive tendering process to which this ITT related to and further to which the Authority intended to purchase the Services was set out in regulation 11 of the provider selection regime 2023 for the award of a contract with a competition.

This ITT was made available to all Bidders who expressed a potential interest in delivering this service in line with the requirements which fall under Regulation 11 for the award of a contract with a competition, and Schedule 1 of the Health Care Services (Provider Selection Regime) Regulations 2023.

As such, the competitive tendering of these Services was being run as a bespoke, single-stage tender process as described in the documentation in the ITT, and in the Find a Tender contract notice advertisement.

The Contracting Authority is not voluntarily following any other part of the Regulations.

Transparency: The Contracting Authority is subject to the Freedom of Information Act 2000 (FOIA) and the Environmental Information Regulations 2004(EIR) and may be required to disclose information received in the course of this procurement under FOIA or the EIR.

In addition, and in accordance with the UK Government's policies on transparency, the contracting authority may publish documentation and the text of any resulting contractual arrangements, subject to possible redactions at the discretion of the Contracting Authority.

Any redactions, whether in relation to information requests under FOIA, the EIR or policies on transparency will be in accordance with those grounds prescribed under the Freedom of Information Act. If and when this requirement is offered to tender, this will be done via electronic means using the internet. Midlands and Lancashire CSU has conducted this Competitive Procedure exercise as a central purchasing body for another NHS body.
