Main procurement category

Services

CPV classifications

- 90700000 - Environmental services

Procedure

Procedure type

Direct award

Direct award justification

Additional or repeat goods, services or works - further goods, services or works following a competitive procedure

A tender exercise has been conducted recently (for offsetting of WRAP's 2023 emissions) and CNB was chosen because they were the only provider who had carbon-offset projects in the UK and they were also the cheapest quote received in the previous competitive tender exercise. WRAP would like CNB to offset its emissions for 2024, but for an additional small fee CNB will also analyse WRAP's data and produce the Carbon Reduction Plan, usually produced in-house, thus saving time, money & resources.
