II.1.4) Short description

The NCL ICB has embarked on an extensive programme to review all of our Local Commissioned Services with Primary Care Organisations and to restructure these to meet the changing demands of our population.

To enable the review to occur we are seeking to establish a new 5 year (3+2) contract that will act as the framework for the future structure of services. Individual services will then be procured through appropriate routes as the new model is finalised. Whilst many of these will require access to patient lists the review being undertaken may identify some that would need to be procured more widely.

Therefore the NCL ICB wishes to recommission the Enfield Single Offer for Primary Care. The schemes within the Single Offer contribute in a variety of ways to supporting primary care in delivering activity within the community that would alternatively had an impact on secondary care. The services include:

- AF Optimisation
- Anticogulation
- Peer review
- GP Led Care Home
- Wound Care
- MSK (self-referral/FCP).
- Microsuction
- Teledermatology
- Asthma
- SMI Health checks
- Homelessness
- Prostate Cancer
- Urgent Digital Care Plan

The contract for this service will be extended for a total period of 5 years (3+2) to allow time for the individual services to be reviewed and where needed repocured.
